05 Aug, 2023 - Present

Frontend Web Developer

Key Skills: React Native HTML

### Cohesive Health

26 Jun, 2023 - 04 Aug, 2023

Backend Developer

Key Skills: SQL API Node.js

Created model for database  
working on rest apis

## PROJECTS

### Food website design

Key Skills: HTML5 CSS Javascript

Project Link: <https://github.com/swastik-01/food-website-with-html-and-css-responsive->

A responsive website using just html and css  
.This project is completely responsive.

### Stock price prediction

Key Skills: AI ML

Project Link: <https://github.com/swastik-01>

In this project, the prices for different stocks  
were calculated on the data set we collected of  
the companies. This was one of the most.  
exciting and challenging project I did.

### payment-gateway

Key Skills: Node.js API

Project Link: <https://github.com/swastik-01/payment-gateway>

I have used razorpay here to make a payment  
gateway application with some non profitable  
organization
