Commitment Agreement (Affidavit):

Recognizing the value and the limited availability of the AGBA National Talent Hunt Scholarship, I understand the importance of a firm commitment to join the program once I accept the scholarship and admission offer. This commitment ensures that all selected scholars are genuinely dedicated to advancing their education and career through this opportunity.

I understand that acceptance of this **100%** scholarship of **Rs. 7,50,000/-** and admission to the program is based on compliance with the Aegis School of Data Science's policies and academic standards. I acknowledge that the scholarship covers only the tuition fee and other expenses, such as accommodation, books, and living expenses, are my responsibility, unless otherwise specified.

I acknowledge that the Aegis PGP program is not a degree program and Aegis does claim any affiliation or endorsement from governmental educational bodies, including but not limited to AICTE, UGC, or similar entities.

This program, structured as a 45-credit unit bootcamp, is thoughtfully designed to provide a comprehensive foundation that merges essential applied skills with theoretical knowledge critical for success in the contemporary landscape. Aimed at fostering a robust base of knowledge and competencies, the curriculum equips students to initiate their startups, devise innovative solutions, or excel in professional roles across AI, Machine Learning, Deep Learning, Data Science, Business Analytics, Data Analytics, and allied fields.

I accept the admission offer:
